FY2026 Equipment and Leases · Draft Findings for the CPA

Findings for the CPA from audit procedures; not an audit report and no opinion.

Client	HANGS General Contracting LP
Period	Construction equipment and leases, fiscal year ended June 30, 2026
Engagement	Year-end audit procedures for the owners, the bonding company and the lender: the equipment register, additions, disposals, depreciation and leases.
Prepared from	11 files: the trial balance, the fixed asset register, the purchase invoices and capital requests, the disposal documents, the hours log, the policy, the rental register, the crane rental agreement, the office lease amendment and the lease schedule
Prepared by	The F1 Finance Audit Machine, a demonstration. Fixed procedures on invented data; no AI model was used.
Status	Draft. Not reviewed, concluded or signed. Nothing was posted or sent to the client, its vendors, the bank or the bonding company.

Materiality, Proposed

Contract revenue for the year, the benchmark	$68,989,500.00
Materiality: 0.5% of revenue, rounded down	$340,000.00
Performance materiality: 75%	$255,000.00
Equipment cost, rolled forward to account 1550	$7,120,000.00

What the Procedures Found

Procedure	What was found	Amount
Leases	A 36-month crane rental is a lease, not on the balance sheet (LEASE-02)	$519,770.65
Leases	The office lease is not recognized; the disclosure left out the increases (LEASE-01)	$1,580,613.31
Disposals	A crane sold in March is still on the register; its gain is unrecorded (SALE-01)	$69,387.68
Additions	A repair to an owned excavator was capitalized in a loader's invoice (CAP-01)	$41,250.00
Depreciation	One asset is depreciated over half the policy's life (DEP-01)	$23,343.96
Approvals	One addition was bought with no signed request (APR-01)	$84,150.00
Recomputed	Every other asset's depreciation recomputes to the cent	$424,700.00

Signature: none. This memo is not an audit report and expresses no opinion. The CPA reviews the workpapers, decides every open item and concludes. No adjustment has been posted.

DRAFT FOR THE CPA

Draft Findings Memo

Against Materiality

Known misstatements in income, net	**($6,635.13)**
Lease liabilities not recorded (LEASE-01 and LEASE-02)	**$2,100,383.96**
Performance materiality	$255,000.00
Materiality	$340,000.00

What was done

The machine agreed the register to the books, rolled cost and accumulated depreciation forward asset by asset, vouched every addition to its invoice and request, read every invoice line, tested both disposals against their documents, recomputed every asset's depreciation from the policy, read the hours log, and tested every rental and the office lease under ASC 842.

What the records support

The additions exist and agree with their invoices; the scrapped trailers were removed correctly; depreciation recomputes at the register's lives. The misses are in what the register holds and what the balance sheet leaves out: a sold crane, a repair, two leases.

What the CPA decides before concluding

1. Whether the client records LEASE-01 and LEASE-02, together above materiality on the balance sheet. 2. SALE-01, CAP-01 and DEP-01, which nearly offset in income. 3. The control findings APR-01 and LIFE-01. 4. Materiality (MAT-01) and the representation letter (MRL-01).

What the machine does not do

It does not give an audit opinion, sign anything, contact a vendor or the bank, or post an adjustment. The CPA concludes; the machine stops here.

DRAFT FOR THE CPA

WHAT STILL NEEDS A PERSON

LEASE-02 · $519,770.65: Westgate Equipment Rentals's agreement WER-RA-3318 rents an identified crane for 36 months, non-cancellable, from September 1, 2025: a lease, not a rental. Operating (present value 51.8% of its value). Proposed: a right-of-use asset and a lease liability of $519,770.65 at June 30, 2026, and the lease disclosures.

LEASE-01 · $1,580,613.31: The office lease's new 60-month term is not recognized. Liability $1,580,613.31 and right-of-use asset $1,568,742.50 at June 30, 2026; the controller's schedule left out the 3% increases and disclosed $1,484,173.90. Straight-line rent adds $11,870.81 to FY2026 rent expense.

SALE-01 · $69,387.68: EQ-2740 was sold on March 16, 2026 for $180,000.00, paid to the bank against the term loan. The register still carries it; the proceeds were credited to accumulated depreciation. Proposed: debit accumulated depreciation $622,449.28, credit cost $553,061.60 and a gain on sale $69,387.68.

CAP-01 · $40,808.04: Cascade Iron Equipment invoice CIE-26-30612 capitalized a $41,250.00 rebuild of EQ-3388 inside EQ-4416. Proposed: expense the rebuild and reduce EQ-4416's cost; income overstated by $40,808.04 after its June depreciation.

DEP-01 · $23,343.96: EQ-3388 is depreciated over 60 months; the policy says 120 for its class and nothing documents a shorter life. At the policy life FY2026 depreciation is $23,343.96 more and accumulated depreciation $81,704.26 less. The CPA decides with the equipment manager.

APR-01 · $84,150.00: EQ-4415, gps machine control and layout system, $84,150.00, bought June 8, 2026 with no signed capital expenditure request, against the policy. A control deficiency for the CPA to evaluate; the asset exists and is in use.

LIFE-01: 4 fully depreciated assets are still in daily use (EQ-3122, EQ-3388, EQ-3901, EQ-3990). The CPA considers whether the class lives are too short.

MAT-01 · $340,000.00: Materiality is proposed at $340,000.00, 0.5% of revenue, with performance materiality $255,000.00. The engagement partner sets the final amounts.

MRL-01: No management representation letter has been obtained. It should cover the completeness of the fixed asset register, leases and disposals.

SIGN-01: These are draft workpapers and a draft findings memo for the engagement partner. They are not an audit report and give no opinion. Nothing has been signed, posted or sent.

This memo is a draft for the engagement partner. It is not an audit report and expresses no opinion; nothing has been signed, posted or sent.
