FY2026 Loan Covenant Procedures · Draft Findings for the CPA

Findings for the CPA from agreed-upon procedures; not the procedures report, no opinion or conclusion.

Borrower	HANGS General Contracting LP
Lender	Cinderbrook Bank, under the Loan Agreement dated March 31, 2025, as amended March 31, 2026
Engagement	Agreed-upon procedures on Sections 6.1, 6.5 and 7 at June 30, 2026, performed for the bank and the borrower as the engagement letter lists them.
Prepared from	11 files: the engagement letter, the agreement's Section 7 covenants and its facilities and reporting, the trial balance, the financial statements, the aging, the contract schedule, the debt schedule, the bank's confirmation, the fixed asset register and the compliance certificate
Prepared by	The F1 Finance Audit Machine, a demonstration. Fixed procedures on invented data; no AI model was used.
Status	Draft. Not reviewed or signed. Nothing was sent to the bank or the borrower.

The Covenants at June 30, 2026

Working capital, as shown (minimum $3,000,000)	$4,795,195.07
Tangible net worth (minimum $6,500,000)	$6,997,195.07
Total liabilities, 2.05 times tangible net worth (maximum 2.75)	$14,333,505.64
Capital expenditures (limit $1,500,000)	$1,432,500.00

What the Procedures Found

Procedure	What was found	Amount
1 Statements	Every caption agrees with the trial balance	$0.00
2 Debt	Both loans agree with the books and the bank; the current portion recomputes	$720,000.00
2 Interest	The bank confirms June interest the books do not record (INT-01)	$28,665.00
3 Working capital	Met; retainage receivable is in current assets	$1,161,125.00
4 Net worth	Met, after every amount due from the affiliate	$292,500.00
5 Leverage	Met; the maximum would allow this much in total liabilities	$19,242,286.44
6 Capital spending	Met, narrowly (CAPEX-01)	$67,500.00
7-8 Reporting	Both reports on time; the certificate agrees with every result	$0.00

Signature: none. These are draft findings, not the agreed-upon procedures report, and express no opinion or conclusion on compliance. The CPA reviews the workpapers, decides every open item and issues the report. Nothing has been sent to the bank.

DRAFT FOR THE CPA

Draft Findings

The Exception, the Narrow Pass and the Question

Accrued interest per the bank, not in the books (INT-01)	**$28,665.00**
Capital expenditures under the limit (CAPEX-01)	$67,500.00
Office lease liability disclosed, not recognized (DEF-01)	$1,484,173.90
Total liabilities with the lease (DEF-01)	$15,817,679.54

What was done

The machine performed the eight procedures as written: it agreed the statements to the trial balance and the loans to the bank, recomputed the current maturities, computed working capital, tangible net worth and leverage exactly as Section 7.6 defines them, totaled the year's capital expenditures, compared the reporting dates with Section 6.1 and the certificate with every result.

What was found

Every covenant is met on the borrower's figures. One exception: the bank's accrued June interest. One narrow pass: capital expenditures. One question the definitions leave open: whether the office lease GAAP requires counts; on either reading the covenants are met (leverage 2.05 or 2.26 to 1.00).

What the CPA decides

1. The wording of the report, which states each procedure and finding and no conclusion. 2. How the report presents INT-01 and DEF-01. 3. The borrower's written representation (REP-01).

What the machine does not do

It does not give an opinion or a conclusion on compliance, sign anything, contact the bank or adjust the borrower's figures. The CPA issues the report; the machine stops here.

DRAFT FOR THE CPA

WHAT STILL NEEDS A PERSON

INT-01 · $28,665.00: Procedure 2 exception. The bank confirms $17,040.00 of term loan and $11,625.00 of line interest accrued June 1 to 30, 2026, debited July 1. The debt schedule and account 2410 show $0.00: interest is recorded when paid. The report states the difference; it does not adjust the borrower's figures. The FY2026 audit's search for unrecorded liabilities proposes the same accrual.

DEF-01 · $1,484,173.90: Section 7.6 reads working capital from the statements "as shown … prepared under GAAP" and total liabilities as "shown on the balance sheet". The office lease is disclosed (note 4, $1,484,173.90, $290,219.17 current) but not recognized. As shown: working capital $4,795,195.07, total liabilities $14,333,505.64, 2.05 to 1.00. With it: $4,504,975.90, $15,817,679.54, 2.26 to 1.00. Both comply; the bank decides which the agreement means.

CAPEX-01 · $67,500.00: Capital expenditures of $1,432,500.00 are $67,500.00 under the $1,500,000.00 limit, 4.5% of it. Not an exception; reported because the margin is narrow and the definition counts full cost however paid for.

REP-01: No written representation from the borrower has been obtained for these procedures. It should cover the completeness of the debt, affiliate amounts and capital expenditures.

SIGN-01: These are draft workpapers and findings for the engagement partner. They are not the agreed-upon procedures report and give no opinion or conclusion. Nothing has been signed or sent to the bank.

These findings are a draft for the engagement partner. They are not the procedures report and express no opinion or conclusion; nothing has been signed or sent.

DRAFT FOR THE CPA
