Workers' Compensation Quarterly Report · Q3 2026

Prepared summary in the return's lines; not the Department of Labor and Industries' form.

Employer	HANGS General Contracting LP
UBI	604 918 227
L&I account	000,418-26
Business address	2150 Harbor Ridge Ave S, Suite 300, Seattle, WA 98134
Reporting quarter	July 1 to September 30, 2026
Due date	October 31, 2026, a Saturday; L&I accepts a Monday, November 2 postmark · nothing filed or paid
Experience factor	0.8740 · the employer's own 2026 rates below

Report Lines by Risk Class

Class	Description	Gross payroll	Hours	Rate	Premium
0217	Concrete Work - Foundations and Flatwork	$312,623.52	5,452	$2.0330	$11,083.92
0510	Wood Frame Building Construction and Alterations	$821,035.81	14,610	$4.1265	$60,288.17
0518	Non-Wood Frame Building Construction	$887,392.65	15,571	$2.3596	$36,741.33
4900	Construction Project or Site Superintendent/Manager	$239,076.96	3,840	$0.4777	$1,834.37
4904	Clerical Office, NOC	$330,728.28	4,768	$0.2184	$1,041.33
4911	Construction Estimator	$90,230.76	1,440	$0.3333	$479.95
Total		**$2,681,087.98**	**45,681**		**$111,469.07**

Hours: hourly employees' regular and overtime hours on the quarter's paychecks, an overtime hour counted as one hour; salaried employees at 160 assumed hours a month. Premium: hours times the employer's rate; gross payroll is reported and does not change it.

Employee Share · not a report line

Employee share withheld by payroll	$19,676.87
Employee share allowed on actual hours	$19,172.35
Over-deducted, open, not plugged (OT-01)	**$504.52**

Open Items

CLASS-01 · $1,875.89: Hana Yilmaz (E-1015), Safety Manager, is coded 4904 Clerical Office, which covers office work, but the roster says the work is at the office and job sites. A person decides the class: 4900 if the site work is oversight or inspection only, with no supervising, manual labor, equipment or deliveries (the quarter's 480 hours would cost $124.46 more); otherwise the highest-rated class of the work exposed to, 0510, since the jobs include wood frame ones ($1,875.89 more).

CLASS-02: The eight project managers and assistant project managers are reported in 4900 on the roster's flag that they do not directly supervise crews. 4900 also excludes anyone who does manual labor, operates or repairs equipment, or delivers supplies at a site, and the client's records do not say. A person confirms these duties with the controller.

OT-01 · $504.52: Payroll took the employee share on one and a half hours for each overtime hour. L&I counts an overtime hour as one hour, and deducting more than the share is not allowed. Over-deducted in Q3: $504.52. The draft reports actual hours; a person arranges the refunds.

LABOR-01 · $1,189.24: Tomas Arvelo has no contractor registration and no UBI on file, two of the seven conditions in RCW 51.08.181. A person checks L&I's contractor-registration lookup and the Department of Revenue's business lookup for Tomas Arvelo: if either is missing, the exclusion fails on the facts and the work is covered; if both exist, whether the work was free from the foreman's control is the judgment. If the work is covered, 504 hours at Tideflats Cold Storage belong in 0518: $1,189.24 of premium.

RETURN-01: Unsigned draft. The report was due October 31, 2026, a Saturday, and L&I accepts a postmark of Monday, November 2; nothing has been filed or paid. L&I adds a penalty of 5% of the premium for the first month or part of a month late, then 10% and 20%, at least $10, plus 1% interest a month (see the rule checks). A person reviews, files and pays it.

Signature: none. This draft is unsigned and has not been filed or paid. A person reviews it, decides every open item, and files and pays with L&I.

UNSIGNED DRAFT

WHAT STILL NEEDS A PERSON

CLASS-01 · $1,875.89: Hana Yilmaz (E-1015), Safety Manager, is coded 4904 Clerical Office, which covers office work, but the roster says the work is at the office and job sites. A person decides the class: 4900 if the site work is oversight or inspection only, with no supervising, manual labor, equipment or deliveries (the quarter's 480 hours would cost $124.46 more); otherwise the highest-rated class of the work exposed to, 0510, since the jobs include wood frame ones ($1,875.89 more).

CLASS-02: The eight project managers and assistant project managers are reported in 4900 on the roster's flag that they do not directly supervise crews. 4900 also excludes anyone who does manual labor, operates or repairs equipment, or delivers supplies at a site, and the client's records do not say. A person confirms these duties with the controller.

OT-01 · $504.52: Payroll took the employee share on one and a half hours for each overtime hour. L&I counts an overtime hour as one hour, and deducting more than the share is not allowed. Over-deducted in Q3: $504.52. The draft reports actual hours; a person arranges the refunds.

LABOR-01 · $1,189.24: Tomas Arvelo has no contractor registration and no UBI on file, two of the seven conditions in RCW 51.08.181. A person checks L&I's contractor-registration lookup and the Department of Revenue's business lookup for Tomas Arvelo: if either is missing, the exclusion fails on the facts and the work is covered; if both exist, whether the work was free from the foreman's control is the judgment. If the work is covered, 504 hours at Tideflats Cold Storage belong in 0518: $1,189.24 of premium.

RETURN-01: Unsigned draft. The report was due October 31, 2026, a Saturday, and L&I accepts a postmark of Monday, November 2; nothing has been filed or paid. L&I adds a penalty of 5% of the premium for the first month or part of a month late, then 10% and 20%, at least $10, plus 1% interest a month (see the rule checks). A person reviews, files and pays it.

This PDF is an unsigned draft in the report's lines. It is not the Department of Labor and Industries' form, and it has not been reviewed, signed, filed or paid.

UNSIGNED DRAFT

TAX RULE CHECKS

Official sources checked during this run. The checks inform a reviewer, change no amount and settle no judgment.

When were the Q3 2026 report and premium due?

Verified Online · File Quarterly Reports · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/insurance/quarterly-reports/file-quarterly-reports/

Due October 31, a Saturday; L&I accepts a Monday, November 2 postmark. The statute makes an unpaid premium delinquent from November 1; whether the penalty month counts from November 1 or 3 is for L&I. The draft computes none. The Q3 2026 report and the $111,469.07 premium in this draft have not been filed or paid (RETURN-01).

What must the quarterly report give L&I, and when does an unpaid premium become delinquent?

Verified Online · RCW 51.16.060, Quarterly report of payrolls · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/rcw/default.aspx?cite=51.16.060

Due October 31, a Saturday; L&I accepts a Monday, November 2 postmark. The statute makes an unpaid premium delinquent from November 1; whether the penalty month counts from November 1 or 3 is for L&I. The draft computes none. The draft gives the quarter's figures by class: six classes, 45,681 hours and $2,681,087.98 of gross payroll; the payroll register behind the totals names each employee's hours and class, should L&I ask for a supplementary report.

What does L&I charge when the report or premium is late?

Verified Online · Penalties and Interest for Filing Late · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/insurance/quarterly-reports/penalties-and-interest-for-filing-late/

Due October 31, a Saturday; L&I accepts a Monday, November 2 postmark. The statute makes an unpaid premium delinquent from November 1; whether the penalty month counts from November 1 or 3 is for L&I. The draft computes none. Nothing has been filed or paid on the $111,469.07 premium (RETURN-01); any penalty and interest depend on the date a person files and pays.

How does the statute count a late month, and what is the minimum penalty and the interest?

Verified Online · RCW 51.48.210, Delinquent taxes · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/rcw/default.aspx?cite=51.48.210

Due October 31, a Saturday; L&I accepts a Monday, November 2 postmark. The statute makes an unpaid premium delinquent from November 1; whether the penalty month counts from November 1 or 3 is for L&I. The draft computes none. This is the schedule RETURN-01 states on the $111,469.07 premium: 5% for the first month or part of a month, then 10% and 20% in total, at least $10, plus 1% interest a month.

What are L&I's 2026 base rates for the six classes on this report?

Verified Online · 2026 Hourly Rates by Risk Classification Code and Fund · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/insurance/_docs/2026RatesByClassCodeFund.pdf

The client's 2026 rate record carries the same base rates for all six classes (AF, SAW, MAF NOC, SPF): 0217 1.5111, 0.0224, 0.5738, 0.1912; 0510 3.1145, 0.0459, 1.3422, 0.1912; 0518 1.8461, 0.0275, 0.6074, 0.1912; 4900 0.2374, 0.0035, 0.0869, 0.1912; 4904 0.0209, 0.0003, 0.0099, 0.1912; 4911 0.1157, 0.0017, 0.0452, 0.1912. The table's composite rates assume a factor of 1.0000; HANGS General Contracting's own rates apply its 0.8740 factor (see employer-rate-from-experience-factor).

How is each class's hourly rate for HANGS General Contracting built from the base rates?

Verified Online · WAC 296-17-31024, Classification premium rates · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17-31024

With the 0.8740 factor, rounded to four places as L&I prints rates: 0510 0.8740 x (3.1145 + 1.3422 + 0.0459) + 0.1912 = $4.1265; 0518 $2.3596; 0217 $2.0330; 4900 $0.4777; 4904 $0.2184; 4911 $0.3333, the same as the client's rate record. Premium: 0217 5,452 hours x $2.0330 = $11,083.92; 0510 14,610 x $4.1265 = $60,288.17; 0518 15,571 x $2.3596 = $36,741.33; 4900 3,840 x $0.4777 = $1,834.37; 4904 4,768 x $0.2184 = $1,041.33; 4911 1,440 x $0.3333 = $479.95. Total $111,469.07 on 45,681 hours.

UNSIGNED DRAFT

TAX RULE CHECKS, CONTINUED

What does L&I call each class on the report, and how did its base rate change for 2026?

Verified Online · 2026 Rates by Business Type and Risk Class · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/insurance/_docs/2026RatesBusTypeClassCode.pdf

The draft uses these names on the report's lines. Each 2026 composite base rate equals the sum of the four fund rates the run reads from the client's record, for example 0510: 3.1145 + 0.0459 + 1.3422 + 0.1912 = $4.6938. HANGS General Contracting's experience factor of 0.8740 is below the 0.91 the all-classifications average assumes.

When did the 2026 rates start, and what is the premium measured on?

Verified Online · Washington workers' comp insurance average premium will rise about 4.9% in 2026 (news release 25-32) · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/news-events/article/25-32/

The same 2026 rates apply to every 2026 quarter: Q1 and Q2 as filed reported 46,645 and 52,605 hours, with premiums of $114,996.63 and $132,254.87, and each filed class premium recomputes from its hours at the 2026 rate. In Q3 the premium is 45,681 hours times each class's rate, $111,469.07. The report also shows $2,681,087.98 of gross payroll by class, which does not change the premium.

Which Q3 jobs belong in 0510, wood frame building construction?

Verified Online · WAC 296-17A-0510, Classification 0510 (wood frame building construction or alterations) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-0510

Pier 9 Tech Center (J-2604, a wood frame commercial building) and Juniper Ridge Partners (J-2625, nine wood frame flex industrial units) are reported in 0510: 14,610 hours, $821,035.81 of gross payroll and $60,288.17 of premium. The hours are the crews' 12,850 and 1,760 for the three superintendents and one assistant superintendent who directly supervise those crews, including Keisha Wexley's 320 for the weeks on Pier 9 Tech Center.

Which Q3 jobs belong in 0518, non-wood frame buildings?

Verified Online · WAC 296-17A-0518, Classification 0518 (nonwood frame buildings and structures) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-0518

Alder Point Medical Pavilion (J-2611, a non-wood frame building), Tideflats Cold Storage (J-2617, concrete tilt-up) and Weller Street Offices (J-2622, floors 4 to 6 added in concrete and steel) are non-wood frame building work in 0518: 15,571 hours, $887,392.65 of gross payroll and $36,741.33 of premium, including Weller Street's 955 hours (795 hourly and Keisha Wexley's 160) and $57,541.80 of payroll. None of the jobs is described as interior framing or rough-in carpentry.

Does the Rainier Commons concrete package belong in 0217?

Verified Online · WAC 296-17A-0217, Classification 0217 (concrete flatwork) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-0217

Rainier Commons Phase 2 (J-2619) is site concrete flatwork outside the buildings: plaza, walks and parking on the site, not part of a building and not on a highway, street or roadway. It is reported in 0217: 5,452 hours (4,972 for the crew and 480 for the superintendent), $312,623.52 of gross payroll and $11,083.92 of premium. The concrete finishing at Tideflats Cold Storage is inside a concrete tilt-up building, so it is 0518.

Which superintendents and project managers belong in 4900?

Verified Online · WAC 296-17A-4900, Classification 4900 (construction superintendent or project manager) · retrieved 2026-11-07 · needs-human-judgment

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-4900

The roster flags no direct supervision for the eight project managers (two senior project managers, two project managers and four assistant project managers), and the draft reports 3,840 hours in 4900: $239,076.96 of gross payroll and $1,834.37 of premium. The flag covers supervision only; the files do not say whether any project manager does manual labor, operates or repairs equipment or delivers supplies at a site, or whether detailed hourly records are kept (CLASS-02). The general superintendent, six superintendents and two assistant superintendents directly supervise crews, so those 4,320 hours are reported in the classes of the jobs supervised: 1,760 in 0510, 2,080 in 0518 and 480 in 0217. The six foremen also supervise crews and are reported in the classes of the jobs worked.

Stays with a person: Reason: the roster's flag records only whether each project manager directly supervises crews; manual labor, equipment, deliveries at sites and detailed hourly records are not in the files. A person confirms those duties with the controller (CLASS-02); the draft keeps the 3,840 hours in 4900.

UNSIGNED DRAFT

TAX RULE CHECKS, CONTINUED

Do the estimators belong in 4911?

Verified Online · WAC 296-17A-4911, Classification 4911 (construction estimators) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-4911

The chief estimator and two estimators work at the office and job sites according to the roster: 3 x 480 = 1,440 hours in 4911, $90,230.76 of gross payroll and $479.95 of premium.

Who belongs in 4904 Clerical Office?

Verified Online · WAC 296-17A-4904, Classification 4904 (clerical office) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17A-4904

Nine people work at the office according to the roster: seven salaried at 480 hours each, and the receptionist and document controller, 928 hours together. The 4904 line also carries the Safety Manager's 480 hours as payroll coded those hours; that class is CLASS-01 (see safety-manager-highest-rated-class). 4904 in the draft: 4,768 hours, $330,728.28 of gross payroll and $1,041.33 of premium.

In which class does the Safety Manager, coded 4904 but working at the office and job sites, belong?

Verified Online · Workers' Compensation Recordkeeping and Reporting Guides (F212-222-000) · retrieved 2026-11-07 · needs-human-judgment

https://lni.wa.gov/forms-publications/F212-222-000.pdf

Hana Yilmaz (E-1015), Safety Manager, is coded 4904 by payroll, but the roster says the work is at the office and job sites. Two classes are candidates. If the site work is oversight or inspection only, with no supervising, manual labor, equipment or deliveries, 4900 covers it (see class-4900-project-managers-not-supervisors): the quarter's 480 hours would cost $124.46 more at $0.4777 an hour. Otherwise this guide puts all 480 hours in the highest rated class of the work exposed to, 0510 at $4.1265 an hour, since the jobs include wood frame ones: $1,875.89 more than in 4904 at $0.2184 (CLASS-01). The draft keeps the 480 hours in 4904, undivided.

Stays with a person: Reason: the roster shows job-site work but not the duties there or which jobs. A person decides between 4900 and 0510 (CLASS-01); the draft keeps payroll's 4904 coding.

How are salaried employees' hours reported?

Verified Online · WAC 296-17-31021, Units of exposure · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17-31021

The employer accounts file says no hours are kept for salaried staff, so all 28 salaried employees are reported at 160 assumed hours a month, the client's method in Q1 and Q2. None started or left during Q3, so each has 480 hours: 13,440 in all, 3,840 in 4900, 1,440 in 4911, 3,840 in 4904 and 4,320 for the general superintendent, six superintendents and two assistant superintendents in the classes of the jobs supervised. The 68 hourly employees are reported on actual hours, 32,241.

Which hours count for hourly and salaried workers, and which records support those hours?

Verified Online · Workers' Compensation Recordkeeping and Reporting Guides (F212-222-000) · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/forms-publications/F212-222-000.pdf

The 68 hourly employees' 32,241 hours are the register's regular and overtime hours worked, with no holiday, vacation or sick hours in the count. The 28 salaried employees are at 480 hours each for the full quarter, 13,440. The register codes each paycheck's hours to a job and class; the client keeps daily timecards by job in the time-keeping system.

Can a worker's hours be divided between two classes, and on what records?

Verified Online · Employers' Guide to Workers' Compensation Insurance in Washington State (F101-002-000) · retrieved 2026-11-07 · blocked-by-missing-fact

https://lni.wa.gov/forms-publications/f101-002-000.pdf

Six people moved from Pier 9 Tech Center (0510) to Weller Street Offices (0518) with the pay period beginning August 17, 2026; each paycheck in the register is coded to one job, so no pay period is divided. The five hourly employees' 795 Weller Street hours are in 0518. Keisha Wexley (E-1022), a salaried superintendent, has 480 assumed hours shared by paychecks: 320 in 0510 for four paychecks on Pier 9 Tech Center and 160 in 0518 for two on Weller Street. The employer accounts file says daily timecards by job and superintendents' daily job logs are kept in the time-keeping system but were not supplied. The Employers' Guide speaks of actual hours worked, so it does not address dividing a salaried superintendent's 480 assumed hours 320/160 by paycheck.

Stays with a person: Missing: the daily timecards by job and the superintendents' daily job logs, which exist in the time-keeping system but were not supplied. The division follows the register's job coding until a person confirms those records and the 320/160 sharing of the assumed hours; without such records, all of a worker's hours go in the highest rated class with duties.

TAX RULE CHECKS, CONTINUED

Which hours belong in Q3 when a pay period crosses the quarter end?

Verified Online · Filing and Paying Workers' Compensation Quarterly (F212-254-000) · retrieved 2026-11-07 · needs-human-judgment

https://lni.wa.gov/forms-publications/F212-254-000.pdf

The draft reports the hours on the six Q3 paychecks, July 10 to September 18, 2026: 45,681 hours. The July 10 paychecks pay for June 22 to July 5, so seven June workdays are on those paychecks, and work from September 14 to 30 is on paychecks after the quarter. This is the client's method in Q1 and Q2 as filed (46,645 and 52,605 hours), as the employer accounts file states.

Stays with a person: Reason: no official page says how to treat a pay period that crosses a quarter end. The draft reports the hours on the quarter's paychecks, the client's method in Q1 and Q2; a person confirms that method or asks L&I.

How much may payroll withhold from workers, and on which hours?

Verified Online · Employers' Guide to Workers' Compensation Insurance in Washington State (F101-002-000) · retrieved 2026-11-07 · determined-by-facts

https://lni.wa.gov/forms-publications/f101-002-000.pdf

Workers' share per hour, half of 0.8740 x (Stay at Work + medical aid) plus half of supplemental pension, to five places: 0510 $0.70220, 0518 $0.37305, 0217 $0.35614, 4900 $0.13510, 4904 $0.10006, 4911 $0.11610. On actual hours the share allowed in Q3 is $19,172.35. Payroll withheld $19,676.87, counting one and a half hours for each of the 1,969 overtime hours: $504.52 too much, $59.12 in 0217, $298.57 in 0510 and $146.83 in 0518 (OT-01). The report uses actual hours, overtime hour for hour.

Which part of the premium does the statute let an employer take from wages?

Verified Online · RCW 51.16.140, Premium liability of worker · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/rcw/default.aspx?cite=51.16.140

The accident fund is the employer's alone. Of the $111,469.07 Q3 premium, the workers' share allowed is $19,172.35 and HANGS General Contracting bears $92,296.72. The $504.52 payroll withheld beyond the allowed share (OT-01) is not authorized.

Who pays the supplemental pension part of the rate?

Verified Online · RCW 51.32.073, Premium liability of worker and employer for additional payments (supplemental pension) · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/rcw/default.aspx?cite=51.32.073

Every class carries $0.1912 an hour of supplemental pension, not experience rated. Half of it, $0.0956 an hour, is in each class's employee share on the 45,681 hours reported, and HANGS General Contracting matches it.

How much supplemental pension may be retained from each worker in 2026?

Verified Online · WAC 296-17-920, Assessment for supplemental pension fund · retrieved 2026-11-07 · determined-by-facts

https://app.leg.wa.gov/wac/default.aspx?cite=296-17-920

Each class's employee share is half of (0.8740 x (Stay at Work + medical aid) + supplemental pension), so it includes $0.0956, half of the $0.1912 supplemental pension rate: for 0510, half of (0.8740 x (0.0459 + 1.3422) + 0.1912) is $0.70220 an hour.

Is Tomas Arvelo, paid as a vendor for concrete finishing, outside workers' compensation coverage?

Verified Online · RCW 51.08.181, Worker: registered contractor and electrician exclusions · retrieved 2026-11-07 · needs-human-judgment

https://app.leg.wa.gov/rcw/default.aspx?cite=51.08.181

Tomas Arvelo, an individual, billed concrete finishing labor by the hour at $42.00 at Tideflats Cold Storage, working under the HGC foreman: 504 hours and $21,168.00 paid through accounts payable in Q3. The vendor list shows no contractor registration and no UBI on file, two of the seven conditions, and the work under the foreman bears on the first. A person checks L&I's contractor-registration lookup and the Department of Revenue's business lookup: if either is missing, the exclusion fails and the work is covered; if both exist, whether the work was free from the foreman's control is the judgment. If the work is covered, the 504 hours belong in 0518: $1,189.24 of premium (LABOR-01). The draft reports payroll as recorded and leaves the hours out.

Stays with a person: Reason: coverage turns on all seven conditions; two are not shown in the files, and the control condition turns on how the work was directed. A person checks the two lookups and decides (LABOR-01).
