UNSIGNED DRAFT

WHAT STILL NEEDS A PERSON

CITY-01 · $329.69: Invoice HGC-26-0993 (Pier 9 Tech Center, $96,400.00) was coded to Bellevue, the owner's billing office, but the job site is 2200 Elliott Shore Ave W, Seattle. Seattle taxes the work where it is done, so the draft reports it in Seattle and does not deduct it as taxed by Bellevue: $96,400.00 x 0.342% = $329.69 more city tax than the register's coding. A person corrects the coding; October's change order on the same job was coded the same way. No plug posted.

STATE-01 · $241.00: The state return is separate from this city return. The September 2026 state return reported HGC-26-0993 at location 1704 (10.30%); at the Seattle job-site rate of 10.55% the sales tax is $10,170.20 against $9,929.20 charged, $241.00 short. A person decides whether to amend that state return in My DOR and rebill the owner. This draft changes nothing on a state return. No plug posted.

APPORTION-01 · ($2,728.75): Duwamish Gateway Logistics Center (J-2608) straddles the Seattle and Tukwila city line. All $1,994,700.00 of Q3 billings were coded to Seattle and the draft reports all of it: no deduction is claimed without evidence of where the work was done. The project manager's estimate of 60% in Seattle would take $797,880.00 out of Seattle, $2,728.75 less tax, but there is no survey or cost split, as the client's email confirms. A person obtains site evidence (the parcel survey and cost or labor hours by parcel) and decides; whether Tukwila imposes its own B&O tax decides which deduction line it would go on. No plug posted.

BADDEBT-01: The draft deducts $48,200.00 for invoice HGC-25-0917 (Fremont Bakehouse LLC), written off September 30, 2026. Seattle allows the deduction only for revenue previously reported as taxable. The client's email says it was on the Q4 2025 Seattle return, but that return was not supplied. The $4,988.70 of sales tax written off is not a city deduction; it belongs on the state return. A person confirms before filing.

LATE-01 · $3,974.99: The Q3 return was due October 31, 2026 under the city's due date table, and the client's email says the date was missed. October 31, 2026 is a Saturday and the page checked does not say the date moves, so it has passed either way. Filed by November 30, the late fee is 9% of tax owed: $44,166.56 x 9% = $3,974.99, rising to 19% in the second month and 29% after. Interest also runs from the due date at the city's 2026 rate, which the page checked does not state. The city computes both when the return is filed; neither is in the draft total.

RETURN-01: This is an unsigned draft in the return's classifications, not the city's form. The Seattle business license tax return is separate from the state combined excise returns: it is filed and paid in FileLocal, not My DOR, and the same receipts stay on the state returns too. A person reviews it, decides the open items and the retail treatment of Juniper Ridge Partners, 9 flex units for a related developer building on its own land, and files and pays. Nothing has been filed or paid.

This PDF is an unsigned draft in the return's classifications. It is not the city's form, and it has not been reviewed, signed, filed or paid.

TAX RULE CHECKS

Official sources checked during this run. These inform a reviewer; they do not change any amount or settle any judgment.

Is the Seattle return part of the state excise return?

Saved Copy · City Finance: Business Taxes · retrieved 2026-11-07 · determined-by-facts

https://www.seattle.gov/city-finance/business-taxes-and-licenses/business-taxes

This draft is the city return only. The July, August and September state returns as filed already report the same $21,035,500.00 retailing and $1,558,000.00 wholesaling; they are used as a cross-check and nothing here changes them. HANGS General Contracting files the city return in FileLocal and the state returns in My DOR.

When was the Q3 2026 return due, and what does filing it late cost?

Saved Copy · City Finance: Business Taxes · retrieved 2026-11-07 · blocked-by-missing-fact

https://www.seattle.gov/city-finance/business-taxes-and-licenses/business-taxes

HANGS General Contracting is a quarterly filer, so the Q3 2026 return was due Saturday, October 31, 2026, and the client's email of November 2 says it was missed. Filed by November 30, the late fee is 9% of the draft's $44,166.56 tax, $3,974.99, rising to 19% and then 29%. Interest runs from the due date; the page lists the 2024 and 2025 rates, not 2026.

Stays with a person: The 2026 interest rate is not on the page checked, and whether a Saturday due date moves is not stated. The city computes the fee and interest when the return is filed (LATE-01).

What city B&O rates apply in 2026?

Saved Copy · Tax Rates and Classifications · retrieved 2026-11-07 · determined-by-facts

https://www.seattle.gov/city-finance/business-taxes-and-licenses/business-taxes/tax-rates-and-classifications

Retail taxable $11,356,200.00 x 0.342% = $38,838.20. Wholesaling taxable $1,558,000.00 x 0.342% = $5,328.36. City B&O tax $44,166.56. The client's account details carry the same rates; no service income is reported.

Which classification do the prime contracts and the subcontract go under?

Saved Copy · Tax Rates and Classifications · retrieved 2026-11-07 · determined-by-facts

https://www.seattle.gov/city-finance/business-taxes-and-licenses/business-taxes/tax-rates-and-classifications

Six prime contracts for the owners (J-2604, J-2608, J-2611, J-2617, J-2622, J-2625) are reported as retail sales and retail services: $21,035,500.00 gross. The Rainier Commons concrete package (J-2619) is a subcontract for Cedar Ridge Builders, whose reseller permit RP-0418-2207 is on file: $1,558,000.00 wholesaling. The two rates are the same in 2026, so the split does not change the tax.
