FY2026 Year-End Audit · Draft Findings for the CPA

Findings for the CPA from audit procedures; not an audit report and no opinion.

Client	HANGS Construction Services LLC
Period	Fiscal year ended June 30, 2026
Engagement	The year-end audit: the books recomputed and agreed to the statements, a seeded sample vouched, the search for unrecorded bills, journal entry testing, the dividends, the bank, analytics, and every area's proposed adjustments set against materiality.
Prepared from	16 files: the trial balance, the general ledger, the statements, the sample support and vendor invoices, the bank's deposit report, the payables and later payments, the system settings, the warranty schedule, FY2025, the board's minutes, the dividend payments, and the bank's confirmation and June statement
Prepared by	The F1 Finance Audit Machine, a demonstration. Fixed procedures on invented data; no AI model was used.
Status	Draft. Not reviewed, concluded or signed. No adjustment has been posted.

Materiality, Proposed

Contract revenue for the year, the benchmark	$68,989,500.00
Materiality: 0.5% of revenue, rounded down	$340,000.00
Performance materiality: 75%	$255,000.00

What the Procedures Found

Procedure	What was found	Amount
Tie-out	One revenue entry posted after the close, with no support (TOP-01)	$48,000.00
Unrecorded bills	June work and interest missing from the June 30 books (UL-01 to UL-04)	$247,985.00
Sample	One pick's invoice is only a picture; a person keys it (VOU-01)	$766,537.20
Vendor invoices	A change order billed and never booked, clearly trivial (INV-01)	$840.00
Vendor invoices	An invoice billed to the affiliate, booked by HCS (AFF-01)	$7,891.34
Warranty	The reserve rests on a job-by-job schedule; the stated basis says 1% (EST-01)	$125,000.00
Dividends	Four quarterly dividends agree with the board and the bank	$360,000.00
Bank	Cash and the loans tie to the bank's own letter and statement	$5,554,191.74

Signature: none. This memo is not an audit report and expresses no opinion. The CPA reviews the workpapers, decides every open item and concludes. No adjustment has been posted.

DRAFT FOR THE CPA

Draft Findings Memo

Against Materiality

Known misstatements of FY2026 income, every area	**$559,962.23**
Performance materiality	$255,000.00
Materiality	$340,000.00

What was done

The machine recomputed the trial balance from the June 30, 2025 balances and every FY2026 line, agreed the statements, drew and vouched a seeded sample, traced every invoice on file, matched every receipt to the bank, searched the payments after June 30, ran the seven journal filters and followed up every high-risk entry, rolled the warranty reserve forward, agreed the dividends to the board, tied cash and the loans to the bank and compared the year with last year.

Against materiality

This run’s TOP-01 and UL-01 to UL-04 and the other areas’ WIP-01, AR-01, SE-01, SE-02, ACC-01, FEE-01 and the equipment audit’s net add up to more than materiality. Left unrecorded, they would be a material misstatement; management decides whether to record them. The balance sheet also leaves out the equipment audit’s lease liabilities.

What the CPA decides before concluding

1. Whether management records the adjustments, and if not, the effect on the report (SUM-01). 2. CROSS-01 and EST-01. 3. Whose cost AFF-01 is. 4. The unread invoice (VOU-01). 5. Final materiality (MAT-01).

What the machine does not do

It does not give an opinion, post an adjustment, sign anything or send the memo. The CPA concludes; the machine stops here.

01 Client Accounting/June 30 2026 payables and accruals.xlsx · Accrued Liabilities!B12

DRAFT FOR THE CPA

WHAT STILL NEEDS A PERSON

COV-01 · $62,767.16: June 30 tangible net worth is $6,997,195.07, $497,195.07 above the loan agreement's $6,500,000.00 minimum before adjustments (the covenant procedures, which tested the books as recorded). Recording all $559,962.23 of known misstatements would leave it $62,767.16 short; net of CROSS-01, $142,068.00 above. The subsequent events review found it holds after its own SE-01 and SE-02. Whether the covenant is met depends on the adjustments management records; the CPA evaluates it with the bank's terms.

SUM-01 · $559,962.23: Known misstatements of FY2026 income add up to $559,962.23, 164.7% of the $340,000.00 materiality, above it even with CROSS-01. Management decides whether to record them; the CPA concludes on the statements.

TOP-01 · $48,000.00: 26-01261 (AJ-26-0633) credits Pier 9 revenue $48,000.00, posted Saturday, August 8, 2026 at 9:41 PM after the trial balance was exported, with no support, set to reverse July 2. Revenue and account 1300 overstated. The journal entry testing's OVR-01 asks the officers about it.

UL-01 · $186,400.00: Sound Ridge Mechanical Inc.'s SRM-2604-07: $186,400.00 of June work on Pier 9, received July 9, 2026, booked in July. Job cost, payables and retainage payable short.

UL-02 · $23,480.00: Pellham & Quist LLP's 2026-0712: $23,480.00 for May 4 to June 30, 2026, unpaid and unrecorded.

UL-03 · $9,440.00: June utilities $15,640.00 against $6,200.00 accrued.

UL-04 · $28,665.00: June interest $28,665.00, confirmed by the bank, debited July 1, not accrued.

AREAS-01 · $263,977.23: Brought forward from the area workpapers, each by its own id and amount: WIP-01 $103,600.00 (Work in progress: Pier 9 CO-07 revenue the signed change order does not support); AR-01 $28,600.00 (Receivables: Kestrel Point credit agreed June 18, recorded in July); SE-01 $76,935.00 (Subsequent events: Corliss settlement below the billing); SE-02 $41,250.00 (Subsequent events: Brindlewood liquidated damages, final); ACC-01 $2,892.10 (Payroll: Employer taxes on the accrued wages); FEE-01 $4,065.00 (Cash: Payroll account bank charges never recorded); FA-NET $6,635.13 (Equipment: SALE-01, CAP-01, DEP-01 and LEASE-01, net).

CROSS-01 · $204,835.16: If UL-01 is recorded, Pier 9's cost-to-cost revenue rises $204,835.16 (the liabilities area's CROSS-01); the CPA settles it with the job schedule testing.

VOU-01 · $766,537.20: Sample pick SRM-2605-1185 ($766,537.20) has no readable invoice; page 13 of the Vellumrow print is a picture. A person keys it.

INV-01 · $840.00: SBS-2606-1004: a $840.00 change order billed and never booked. Clearly trivial: listed, not added up.

AFF-01 · $7,891.34: CSC-2606-1017 is billed to Juniper Ridge Partners LLC for a survey of its own land; HCS booked it in its June 30 payables. Whose cost it is, and what it means for the related party note and the amounts due from the affiliate, is for the CPA.

EST-01 · $125,000.00: The warranty reserve, $125,000.00, rests on the Controller's job-by-job schedule; the accruals schedule still gives 1% of completed contracts ($810,300.00). The CPA judges the estimate.

DRAFT FOR THE CPA

WHAT STILL NEEDS A PERSON, CONTINUED

SELF-01 · $26,900.00: 26-01259, the depreciation true-up, was approved by the Controller who prepared it.

LEASE-01 · $2,100,383.96: The equipment audit's lease liabilities, $2,100,383.96, are not on the balance sheet; the crane rental found in stage 3 is one of them.

MAT-01 · $340,000.00: Materiality is proposed at $340,000.00, 0.5% of revenue. The engagement partner sets it.

SIGN-01: These are draft workpapers and a draft findings memo for the engagement partner. They are not an audit report and give no opinion. Nothing has been posted, signed or sent.

This memo is a draft for the engagement partner. It is not an audit report and expresses no opinion; nothing has been signed, posted or sent.
