WHAT STILL NEEDS A PERSON

LABOR-01: Tomas Arvelo, an individual, was paid $21,168.00 through accounts payable in Q3 for 504 hours of concrete finishing at $42.00 an hour, working under the HGC foreman at Tideflats Cold Storage. Whether Tomas Arvelo is an employee is a common-law question for a person; the IRS can also be asked on Form SS-8. The draft reports the payroll as recorded; treating the work as employment would change lines 2, 3 and 5 and the deposits.

RETURN-01: Unsigned draft. The return was due Monday, November 2, 2026 (October 31 was a Saturday). The client's deposit log shows every deposit for the payroll as recorded made on time and in full; if that holds, the return may be filed by November 10, 2026. If LABOR-01 is employment, the deposits were short and November 10 does not apply. A person reviews, signs and files the return. Nothing has been filed.

This PDF is an unsigned draft in the return's lines and Schedule B. It is not the IRS form, and it has not been reviewed, signed, filed or paid.

When is the Q3 2026 Form 941 due?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i941

October 31, 2026 is a Saturday, so the Q3 return is due Monday, November 2, 2026. The deposit log shows all six Q3 deposits made on the due dates for the full payday liabilities, $690,018.44 in all, equal to line 12, so the return may be filed by Tuesday, November 10, 2026. When these rules were written on November 5, 2026, November 2 had passed and November 10 had not. If LABOR-01 is decided as employment, the deposits were not in full payment and the November 10 date would not be available.

Which employees are counted on line 1, and what goes on lines 2 and 3?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i941

Line 1: the pay period including Saturday, September 12, 2026 ran from Monday, August 31 to Sunday, September 13 and was paid Friday, September 18 to 93 employees, so line 1 is 93. Ninety-six employees were paid during the quarter; the three employees leaving on July 17, August 14 and August 27 were not on that payroll. Line 2: gross pay on the six Q3 paydays, $2,681,087.98, less 401(k) deferrals of $95,016.10 and Section 125 health premiums of $49,356.00, is $2,536,715.88, the register's federal income tax wages. Line 3: $302,814.77, the federal income tax the payroll system withheld, taken from the register as calculated. The machine does not recompute income tax withholding.

How do 401(k) deferrals and Section 125 premiums change income tax, Social Security and Medicare wages?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

In Q3 the payroll register shows $95,016.10 of 401(k) elective deferrals and $49,356.00 of Section 125 health premiums. The deferrals stay in Social Security and Medicare wages and the premiums come out of all three: line 2 is $2,681,087.98 less $95,016.10 and $49,356.00, or $2,536,715.88; Medicare wages on line 5c are $2,681,087.98 less $49,356.00, or $2,631,731.98.

Are the Section 125 health premiums left out of Social Security and Medicare wages as well as income tax wages?

Verified Online · Publication 15-B (2026), Employer's Tax Guide to Fringe Benefits · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15b

HANGS General Contracting LP is a partnership, so the S corporation exception does not arise. The register's Section 125 health premiums, $49,356.00 in Q3, are excluded from income tax wages (line 2, $2,536,715.88), Social Security wages (line 5a, $2,498,827.60) and Medicare wages (line 5c, $2,631,731.98) on every paycheck.

Which wages go on line 5a, and where does Social Security stop for each employee?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i941

Each paycheck's Social Security wages are gross pay less Section 125 premiums, capped at $184,500 for the year using the year-to-date file. Alicia Abernathy (E-1001), Managing Director, had $184,500.00 of Social Security wages through June 30, the full base, so none of the Q3 pay is on line 5a. Andre Halvorsen (E-1002), Director of Operations, had $155,000.04 through June and reached the base on the August 7 payday ($5,653.80 of $11,923.08 that day): Q3 Social Security wages $29,499.96. Line 5a column 1 $2,498,827.60 x 0.124 = $309,854.62.

The payroll system caps 2026 Social Security wages at $184,500, the same base the Form 941 instructions use: Alicia Abernathy (E-1001) had reached it by June 30 and Andre Halvorsen (E-1002) reached it on the August 7 payday. No other employee's 2026 Social Security wages reach the base by September 30.

Which wages go on lines 5c and 5d, and at what multipliers?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

Medicare wages are gross pay less Section 125 premiums on every paycheck, with no cap: line 5c $2,631,731.98 x 0.029 = $76,320.23. Additional Medicare wages are each employee's wages over $200,000 for the year: Alicia Abernathy from the July 10 payday ($87,741.89 in Q3) and Andre Halvorsen from the August 21 payday ($26,538.52 in Q3). Line 5d $114,280.41 x 0.009 = $1,028.52.

When must Additional Medicare Tax be withheld from a paycheck?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

Alicia Abernathy's 2026 Medicare wages were $196,876.03 through June and passed $200,000 on the July 10 payday: 0.9% of $12,020.34, $108.18, that day, then $136.30 on each later paycheck of $15,144.31. Andre Halvorsen's passed $200,000 on the August 21 payday: 0.9% of $2,692.36, $24.23, then $107.31 on September 4 and on September 18. Additional Medicare withheld in Q3: $1,028.53 on $114,280.41 of wages.

Does a married filing status change when Additional Medicare withholding starts?

Verified Online · 26 CFR 31.3102-4, Special rules regarding Additional Medicare Tax · retrieved 2026-11-07 · determined-by-facts

https://www.law.cornell.edu/cfr/text/26/31.3102-4

Andre Halvorsen's Form W-4 status in the payroll system is married, and Additional Medicare withholding still began on the August 21 payday, when 2026 wages from HANGS General Contracting passed $200,000. Alicia Abernathy's status is single, and the same $200,000 applied from July 10. No spouse's wages or other income enter either calculation.

Why does line 7 show a $0.30 adjustment?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i941

Withheld paycheck by paycheck in Q3: Social Security $154,927.46, Medicare $38,160.25 and Additional Medicare $1,028.53, $194,116.24 in all. At the statutory rates on the quarter's totals: 6.2% of $2,498,827.60 = $154,927.31, 1.45% of $2,631,731.98 = $38,160.11 and 0.9% of $114,280.41 = $1,028.52, $194,115.94 in all. Line 7 is the $0.30 difference ($0.15, $0.14 and $0.01).

How do lines 5e to 14 reach the total tax and the balance due?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i941

Line 5e = $309,854.62 + $76,320.23 + $1,028.52 = $387,203.37. Line 6 = line 3 $302,814.77 + line 5e $387,203.37 = $690,018.14; no section 3121(q) notice, so line 5f is zero. Lines 8 and 9 are zero, so line 10 = $690,018.14 + $0.30 = $690,018.44. No research credit (Form 8974) is claimed, so line 11 is zero and line 12 is $690,018.44. The six deposits in the log total $690,018.44 (line 13), so line 14 is $0.00 and line 15a is blank.

Which box is checked on line 16, and must Schedule B be attached?

Verified Online · Instructions for Form 941 (03/2026) · retrieved 2026-11-07 · determined-by-facts

The employer accounts file names the semiweekly schedule and the lookback period, July 1, 2024 to June 30, 2025, with more than $50,000 of taxes reported, and the Q1 and Q2 2026 returns were filed as semiweekly. The lookback-period returns are not among the client files, but the schedule does not rest on those returns alone: every Q3 payday carried $100,000 or more of tax ($104,034.56 to $120,560.36), and a monthly schedule depositor that accumulates $100,000 on any day becomes a semiweekly schedule depositor from the next day. The draft checks the third box on line 16 and attaches Schedule B for the six Q3 paydays.

Schedule B lists the six Q3 paydays: July 10 $106,871.15 and July 24 $119,961.81 (month 1, $226,832.96); August 7 $119,969.44 and August 21 $120,560.36 (month 2, $240,529.80); September 4 $118,621.12 and September 18 $104,034.56 (month 3, $222,655.68). The total, $690,018.44, equals line 12. Each day's liability is that payday's income tax withheld plus the employee and employer Social Security and Medicare tax, and the employee's Additional Medicare.

When was each Q3 deposit due?

All six Q3 paydays were Fridays, so under the semiweekly schedule each deposit would be due the following Wednesday. Each payday's taxes were $100,000 or more ($104,034.56 to $120,560.36), so each deposit was due the next business day instead: July 13, July 27, August 10, August 24, September 8 and September 21. The September 4 deposit was due Tuesday, September 8, because September 7 was Labor Day; July 3 moved no Q3 deposit. The deposits follow the paydays, not the ledger's June 30 and September 30 wage accruals.

Were the Q3 deposits on time and in full, and what would a late deposit cost?

Each of the six deposits in the log equals its payday's liability to the cent and was made on its due date, $690,018.44 in all: no shortfall and nothing late, so no deposit penalty applies and the accuracy-of-deposits allowance is not needed.

Is Tomas Arvelo, paid by the hour through accounts payable, an employee for Form 941?

Tomas Arvelo, an individual, was paid $21,168.00 through accounts payable in Q3 for 504 hours of concrete finishing at $42.00 an hour, in 13 weekly payments from July 2 to September 25, working under the HGC foreman at Tideflats Cold Storage. The vendor list shows a Form W-9 with a Social Security number and no contractor registration, UBI or certificate of insurance on file. The draft reports the payroll as recorded and adds nothing for this work.

Stays with a person: Reason: worker status turns on the whole relationship, and the files show only the payments, the hours and the supervision note. Whether Tomas Arvelo is an employee is a common-law question for a person (LABOR-01); treating the work as employment would change lines 2, 3 and 5 and the deposits.
