HANGS Construction · Vendor Payment Run · November 5, 2026

HANGS Construction Development LP · week of November 2, 2026 · paid from Cobalt Harbor Bank, account ending 4417 (GL 1010). DRAFT approval packet from the F1 Finance Accounting Machine. Unsigned. Invented demonstration data. Nothing has been paid or released.

For approval: **7 payments for 11 bills, $136,003.00**, released Thursday, November 5. Of 17 bills due by the next run or worth paying early, 2 are not paid (a duplicate and a bill already paid at the bank) and 4 are held back ($105,077.00). Discounts captured: $592.00. Cash covers the batch with $545,855.08 to spare above the minimum.

Adjusted book balance, GL 1010, October 31 (October bank reconciliation)	$1,029,176.48
Less: payroll ACH, November 6	-$97,318.40
Less: minimum operating balance (PAY-8)	-$250,000.00
Available for vendor payments	**$681,858.08**
Proposed batch	-$136,003.00
Left above the minimum	**$545,855.08**

Payments for Approval

Payment	Vendor	Bills	Method	Amount
Check 10437	Fernhollow Site Services	FSS-0161, FSS-0163	Check	$5,943.60

AP-10424	AFR-1240	2026-11-11	$9,450.00		$9,450.00
Total			**$136,595.00**	**$592.00**	**$136,003.00**

Early-Pay Discounts

TCF-2812, Tallow Creek Framing: 1.50% for paying 10 days early, 55.58% a year. Taken: $546.00.
FSS-0163, Fernhollow Site Services: 2.00% for paying 22 days early, 33.86% a year. Taken: $26.40.
QBP-3078, Quarry Bend Plumbing: 1.00% for paying 24 days early, 15.36% a year. Taken: $19.60.
NOS-5521, Northgate Office Systems: offer of 0.25% for paying 13 days early is 7.04% a year, below the 12% hurdle. Declined ($48.48); the bill is paid when due.

Not Paid

Duplicate Bill AP-10419 · $14,615.00

> *PAY-3 Duplicates and Prior Payments (Payment Procedures page 2): "Before a bill is paid, compare its vendor, amount and invoice number, letters and digits only, against every other open bill and every payment of the last 120 days, at the amount the bank cleared. A match is not paid until a person clears it."*

Both bills are Bluepine Concrete Works, both are $14,615.00, and both invoice numbers read BPW5188 by letters and digits: 'BPW-5188' entered October 10 and 'BPW 5188' entered October 21. AP-10409 is paid in this run; AP-10419 is not. The October AP review flagged the same pair (DUP-1); void AP-10419 in the AP system.
Follow-up: Void AP-10419 in the AP system (AP clerk). Status: Open.

Already Paid QBP-3069 · $27.00

> *PAY-3 Duplicates and Prior Payments (Payment Procedures page 2): "Before a bill is paid, compare its vendor, amount and invoice number, letters and digits only, against every other open bill and every payment of the last 120 days, at the amount the bank cleared. A match is not paid until a person clears it."*

The aging carries QBP-3069 at $7,385.20 less $7,358.20 paid, leaving $27.00. Check 10431 was recorded as $7,358.20, but the bank cleared it on October 21 for $7,385.20, the whole invoice. The open $27.00 is a recording error, not a debt: the October bank reconciliation found the check recorded short and proposed the correcting entry. Do not pay it; post that entry and the bill closes.
Follow-up: Post the October bank reconciliation's correction for check 10431 (Controller). Status: Open.

Held Back

Bank Change Not Verified MLE-1401 · $8,800.00

> *PAY-4 Vendor Bank Details (Payment Procedures page 3): "A change to how or where a vendor is paid is verified by calling the vendor at the phone number already on file, by someone other than the person who entered the change. Until it is verified, nothing is paid to that vendor."*

On October 28, 2026 an email asked that Marrow Lane Electric be paid by ACH to Ridgeway Federal Credit Union, account ending 7731, and Riley Chen entered it in the vendor master the next day. The call-back is not recorded. The request came from accounts@marrowlane-pay.example, not the marrowlane.example address on file, gave a phone number, (555) 019-7713, that is not the (555) 013-2280 on file, and asked not to be called. Hold MLE-1401 ($8,800.00, due November 5). Someone other than Riley Chen calls (555) 013-2280; until then nothing is paid to Marrow Lane Electric.
Follow-up: Call Marrow Lane Electric at (555) 013-2280 to confirm the bank change (Controller). Status: Open.

Disputed Invoice KRE-2207 · $78,117.00

> *PAY-7 Holds and Disputes (Payment Procedures page 4): "A bill on hold or in dispute is not paid until the hold is released in writing. A bill addressed to another HANGS entity is paid by that entity only."*

KRE-2207 for $78,117.00 was due November 4. Delivery billed at $1,950.00; the signed quote included delivery. Credit memo requested October 12. The hold, placed by Riley Chen on October 12, has not been released, so the whole invoice waits. When the credit memo arrives, pay the corrected amount in the next run.
Follow-up: Chase the Kestrel Ridge Equipment credit memo (AP clerk). Status: Open.

Billed to Another Entity WLC-0388 · $3,860.00

PAY-7 Holds and Disputes (Payment Procedures page 4): "A bill on hold or in dispute is not paid until the hold is released in writing. A bill addressed to another HANGS entity is paid by that entity only."

WLC-0388 for $3,860.00, due November 9, is on hold: Billed to HANGS Property Holdings LLC; reclass and pay from that entity (October AP review, ENT-1). A bill addressed to another HANGS entity is paid by that entity only. Reclass it and pay it from HANGS Property Holdings LLC.

Follow-up: Reclass AP-10410 to HANGS Property Holdings LLC (Controller). Status: Open.

Lien Waiver Missing SWR-8133 · $14,300.00

PAY-6 Subcontractor Lien Waivers (Payment Procedures page 4): "A subcontractor is paid only when a conditional lien waiver for the invoice being paid is on file. Without it, the payment is held back, however long the invoice has been due."

Stonewick Roofing is a subcontractor. SWR-8133 for $14,300.00 is due November 7, but the lien waiver log has no conditional waiver for it (Requested October 9 and October 23; not received). Paying without one leaves HANGS exposed to a lien on the homes if the subcontractor's own suppliers go unpaid. Hold the payment until the waiver is on file.

Follow-up: Get Stonewick Roofing's conditional lien waiver for SWR-8133 (Project manager). Status: Open.

Follow Up

Discount Lapsed QBP-3077 · $84.60

PAY-2 Early-Pay Discounts (Payment Procedures page 2): "Take an early-pay discount when its window closes before the next run and its annualized rate is above 12%. Pay the discounted amount inside the window. A discount whose window has closed is lost; note it for the vendor file."

Quarry Bend Plumbing allows 1% 10, Net 30. Invoice QBP-3077 is dated October 23, so its $84.60 discount had to be paid by November 2. With no run released on October 29, it was lost. The bill is not due until November 22 and waits for a later run. Note it for the vendor file.

Follow-up: Note the lost Quarry Bend Plumbing discount for the vendor file (AP clerk). Status: Open.

W-9 and Form 1099

Every vendor in the batch has a signed W-9 on file (PAY-5). $134,823.00 of the batch goes to 1099 vendors and is tracked for year-end.

Approval

The batch is over $100,000.00, so the Controller and the CFO approve it before release (PAY-8). Approving releases only the payments listed above; every held item stays open until a person clears it. This packet is not an approval.
