FY2026 Year-End Audit · Findings for the CPA

Findings for the CPA from the audit procedures; not an audit report or opinion.

Client	HANGS Construction Development LP
Year audited	July 1, 2025–June 30, 2026 (FY2026)
Prepared from	16 evidence files: the client's books, the vendors' invoices and letters sent directly to the audit team
Prepared by	The F1 Finance Audit Machine, a demonstration. Fixed procedures on invented data; no AI model was used.
Status	Draft. Not reviewed, concluded or signed. Nothing was posted or sent to the client.

Materiality, Proposed

Book income, the benchmark	$244,500.00
Materiality: 5% of book income, rounded down	$12,000.00
Performance materiality: 75%	$9,000.00
Clearly trivial: 5% of materiality	$600.00

The engagement partner sets the final amounts. Items under the clearly trivial amount are listed but not added up.

What the Procedures Found

Procedure	What was found	Amount
Sample of 30	29 of 30 picks agree with their invoices; HC-COST-0100 has no readable invoice (SCAN-01)	$3,100.00
Key items	HFC-26-0142 agrees hour by hour; whether closing legal fees belong in construction cost is for the CPA (CLS-01)	$18,500.00
Vendor invoices	BPW-5120 change order never booked; clearly trivial, listed only (TRV-01)	$250.00
	FSS-0117 is billed to HANGS Property Holdings LLC but the partnership paid it (ENT-01)	$3,100.00
Unit sales	All 104 closings agree with the escrow report sent directly to the audit team	$3,276,000.00
Unrecorded bills	SWR-8052 is for June work and missing from the June 30 payables (MIS-01)	$2,150.00
Reserves	Warranty reserve left from units whose one-year warranties have ended (WAR-01)	$7,400.00
	Completion estimate with no quote or calculation on file (CTC-01)	$1,100.00
Distributions	Agree in amount, split and bank wires; the authorization date is in question (DIST-01)	$240,000.00
Cash	Reconciled to the bank's own letter; the bank reports no loans	$0.00
Analytics	June progress payments with no closings, while Phase 5 pads are planned (AN-01)	$186,000.00

Against Materiality

Known misstatements, added up	**$2,150.00**
Performance materiality	$9,000.00
Materiality	$12,000.00

Known misstatements are 18% of materiality. Judgments and open evidence could raise book income by up to $10,500.00. Comparing these with materiality and concluding is the CPA's job.

Signature: none. This memo gives no audit opinion and is not an audit report. The CPA reviews the workpapers, decides every open item and concludes. No adjustment has been posted; the client decides whether to record the proposed one.

06 Bank Statements/July 2026 bank statement.pdf · PDF page 1; July 2026 payments and closing balance

DRAFT FOR THE CPA

Original documents are attached to this PDF. The workbook is attached too.

WHAT STILL NEEDS A PERSON

MIS-01 · $2,150.00: Stonewick Roofing SWR-8052, June 8-24, 2026 work, is missing from the June 30 payables. The vendor asked on June 30, 2026 that it be recorded; it was paid July 15, 2026. Payables and this year's costs are understated, and book income overstated, by $2,150.00. Proposed adjustment: debit 500100 Construction and development costs, credit 210100 Accounts payable. The client decides whether to record it; the machine never posts.

TRV-01 · $250.00: Bluepine Concrete Works BPW-5120: its $250.00 change order (“Change order, added broom finish”) was never booked. It is under the $600.00 clearly trivial amount, so it is listed but not added up. If the vendor is still owed it, payables are understated by $250.00.

DOC-01: The FY2026 trial balance export is marked “draft and unapproved”. Every figure here rests on it. Ask Morgan Lee for the approved version and compare it with this one.

SCAN-01 · $3,100.00: HC-COST-0100 ($3,100.00, October 8, 2025) has no readable invoice. Page 13 of the vendor invoice file, scanned at the site office, is a picture with no text layer and may be it. A person keys the invoice or requests a copy, and the pick is vouched then. The machine does not guess what a picture says.

ENT-01 · $3,100.00: Fernhollow Site Services FSS-0117 is billed to HANGS Property Holdings LLC, but the partnership booked and paid it (HC-COST-0733). The client says that company only holds its interest in the partnership, so the vendor may have addressed the wrong HANGS company. Ask the vendor which company the work was for; if it was the other company's, the partnership is owed the amount and its costs are overstated.

WAR-01 · $7,400.00: Warranty reserve: $7,400.00 of the $14,900.00 balance is left from units sold by June 30, 2025, whose one-year warranties all ended by April 24, 2026. The $7,500.00 estimate for this year's units has no calculation on file. Request the claims still open at June 30. The CPA judges whether the reserve is reasonable.

CTC-01 · $1,100.00: The $1,100.00 completion estimate for the units closed in May was entered July 11, 2026, after year end. The client's answer 14 describes it, but no quote or calculation is on file.

CLS-01 · $18,500.00: HFC-26-0142 closing legal fees are in construction cost. Every hour and rate agrees, but the invoice is for Phase 4 closing services. Moving it to unit selling costs would leave book income unchanged and lower the gross margin. The CPA decides.

DIST-01 · $240,000.00: The distribution authorization is dated June 30, 2026, but the journals were entered July 14, 2026, the partnership agreement was signed July 22, 2026, and the client's answers of November 3, 2026 say the signed authorization is still being collected. Ask Morgan Lee when it was actually signed; until then neither date is relied on.

AN-01 · $186,000.00: June has 60 progress payments, $186,000.00, and no closings, about what 6.7 units cost. The client says June costs are completion and punch-list work on sold units, and 3 of the 3 June picks agree, but pad purchases run through the same draw account and Phase 5 pads are planned. If any June payment bought a Phase 5 pad or started Phase 5 work, that cost belongs on hand at June 30. The CPA decides how much more to test.

AN-02: Book income rose 249%, from $70,000.00 to $244,500.00: the price per unit rose 10.9% and the cost per unit 4.8%. Why prices rose faster than costs is for Morgan Lee to explain and the CPA to judge.

DRAFT FOR THE CPA

WHAT STILL NEEDS A PERSON, CONTINUED

MAT-01 · $12,000.00: Materiality is proposed at $12,000.00, 5% of book income, with performance materiality $9,000.00 and clearly trivial $600.00. The engagement partner sets the final amounts.

REP-01: No management representation letter has been obtained. The CPA requests it near the end of fieldwork, dated as of the report date.

SIGN-01: These are draft workpapers and findings for the engagement partner. They are not an audit report and give no opinion. Nothing has been signed, posted or sent to the client.

This memo is a draft for the engagement partner. It is not an audit report and gives no opinion; nothing has been signed, posted or sent.
