FY2027 Federal Estimated Tax Plan · Form 1120

Draft plan for review, as of November 8, 2026. Prepared plan; not Form 1120-W or Form 2220.

Corporation	HANGS Construction Services LLC
EIN	XX-XXX7890 (demonstration)
Tax year	FY2027: July 1, 2026 to June 30, 2027
EFTPS tax period	06/2027
Next due	December 15, 2026, the 2nd installment

What to pay

December 15, 2026: the 2nd installment	**18,308.87**
March 15, 2027: the 3rd installment (projected; refresh in January)	22,897.06
June 15, 2027: the 4th installment (projected; refresh in April)	17,501.36
FY2027 estimated tax in all, with the credit and the October payment	61,869.99
About this much due with the FY2027 return on October 15, 2027	9,217.70

Why these amounts

FY2024 taxable income: HANGS is a large corporation ($1,000,000 or more)	1,182,400.00
Projected FY2027 tax, after the NOL deduction at 80%	71,087.69
FY2026 tax: last year's tax sets the 1st installment only	12,650.79
Regular 2nd installment: 25% of this year plus the recapture	32,381.15

July to September 2026 was weak, so the annualized income installment method (Form 2220 Schedule A) brings the 2nd installment well below the regular amount. The 3rd and 4th rest on projected figures and are refreshed as each period closes. Form 1120-W is historical: the worksheet is the one in Publication 542.

Where FY2027 stands (Form 2220 preview)

Counted so far: the FY2026 credit and the October 15 payment	3,162.70
Required 1st installment, due October 15, 2026	3,162.70
Penalty so far, to November 8, 2026, as planned	0.00

The October 15 payment went to tax period 12/2026; if it is not moved to 06/2027 the penalty would be $6.10 so far (EFTPS-01). The $1,838.00 credit counts only when the FY2026 return elects it (CREDIT-01).

Nothing has been paid or scheduled. Open items stay with a person: EFTPS-01, LARGE-01, ANNUAL-01, CREDIT-01, PLAN-01.

DRAFT PLAN

Estimated Tax Worksheet (Publication 542)

Form 1120-W is historical since its 2022 revision; these are the lines of the worksheet in Publication 542.

	Projected FY2027 taxable income before the NOL deduction	1,692,563.93
	NOL deduction: 80% of it, less than the $2,663,212.52 carried	1,354,051.14
1	Expected taxable income for FY2027	338,512.79
2	Line 1 x 21%	71,087.69
3-7	Credits, other taxes, refundable credits	0.00
8	**Expected FY2027 tax**	**71,087.69**
9	Tax shown on the FY2026 return (12 months, positive tax; a draft, CREDIT-01)	12,650.79
10	The smaller of line 8 or line 9	12,650.79
11	**25% of line 10: a large corporation uses it for the 1st installment only**	**3,162.70**

Large corporation test (section 6655(g)(2))

FY2026 taxable income, before the NOL deduction	301,209.35
FY2025 taxable income, as filed, no carryover deducted	(2,904,180.00)
FY2024 taxable income, as filed, no carryover deducted	1,182,400.00

A large corporation had $1,000,000 or more of taxable income, figured without NOL carryovers, in any of the 3 preceding tax years. It can base only its 1st installment on last year's tax; the next installment recaptures the saving. HANGS is in no controlled group (LARGE-01 confirms FY2024).

Regular installments of a large corporation (Form 2220 line 10; Schedule A line 35)

1st, due October 15, 2026: 25% of the FY2026 tax	3,162.70
2nd, due December 15, 2026: 25% of the FY2027 tax plus the recapture	32,381.15
of which the recapture of the 1st installment saving	14,609.23
3rd, due March 15, 2027: 25% of the FY2027 tax	17,771.92
4th, due June 15, 2027: 25% of the FY2027 tax	17,771.92
Total: the full projected FY2027 tax	**71,087.69**

DRAFT PLAN

Annualized Income Installment Method (Form 2220, Schedule A)

Corporations' standard periods (no Form 8842). The NOL is taken after annualizing (line 23b). Columns (c) and (d) are projected.

Line	1st	2nd	3rd (proj.)	4th (proj.)
20 Months in the period	3	3	6	9
21 Taxable income before the NOL	255,613.93	255,613.93	704,263.93	1,104,823.93
22 Annualization amount	4	4	2	1.33333
23a Annualized, before the NOL	1,022,455.72	1,022,455.72	1,408,527.86	1,473,094.89
23b NOL deduction at 80%	(817,964.58)	(817,964.58)	(1,126,822.29)	(1,178,475.91)
23c Annualized taxable income	204,491.14	204,491.14	281,705.57	294,618.98
24 Tax at 21%	42,943.14	42,943.14	59,158.17	61,869.99
30 Applicable percentage	25%	50%	75%	100%
31 Cumulative annualized installment	10,735.79	21,471.57	44,368.63	61,869.99
33 Required installments before this one	0.00	3,162.70	21,471.57	44,368.63
34 Annualized installment	10,735.79	18,308.87	22,897.06	17,501.36
35 Regular installment (large corporation)	3,162.70	32,381.15	17,771.92	17,771.92
36 Reduction not yet recaptured	0.00	0.00	14,072.28	8,947.14
37 Regular plus recapture	3,162.70	32,381.15	31,844.20	26,719.06
38 Required installment	**3,162.70**	**18,308.87**	**22,897.06**	**17,501.36**
Total of line 38				**61,869.99**

The 1st installment stays at 25% of last year's tax, lower than the annualized $10,735.79. The weak July to September quarter makes the annualized 2nd installment $18,308.87 against the regular $32,381.15; the reduction, $14,072.28, is carried into line 36 of the later columns. Total required $61,869.99 against $71,087.69 of projected tax: the difference is due with the return, without penalty, if the annualized figures hold. Form 2220 with Schedule A goes with the FY2027 return.

DRAFT PLAN

Payments So Far and the Penalty Preview (Form 2220, Part IV)

Payments toward FY2027

October 15, 2026 · FY2026 overpayment credited on line 37a (CREDIT-01)	1,838.00
September 15, 2026 · EFT 270914602217 · tax period 06/2026 · FY2026 Form 7004 payment, not FY2027	15,000.00
October 15, 2026 · EFT 270988315406 · tax period 12/2026 · estimated tax · WRONG PERIOD (EFTPS-01)	1,324.70
Counted toward FY2027, the October payment once moved	**3,162.70**

Installments: required, applied, still to pay

	required	applied	still to pay
1st · due October 15, 2026	3,162.70	3,162.70	paid
2nd · due December 15, 2026	18,308.87	0.00	18,308.87
3rd · due March 15, 2027 · projected	22,897.06	0.00	22,897.06
4th · due June 15, 2027 · projected	17,501.36	0.00	17,501.36

Penalty preview: what each slip would cost

As planned: the credit elected and the October payment moved	**0.00**
The October 15 payment stays in tax period 12/2026	6.10
1,324.70 short from Oct 15 to Nov 8: 24 days at 7%	
The FY2026 return never elects the credit	8.46
1,838.00 short from Oct 15 to Nov 8: 24 days at 7%	
December 15 pays only $3,162.70	49.38
15,146.17 short from Dec 15 to Jan 1: 17 days at 7%	

Payments go to the earliest unpaid installment whatever they were meant for. The penalty is the underpayment rate (7% from October 1, 2026; the 2027 rates are not yet announced) on each day an installment is short, at most until October 15, 2027. Paying only $3,162.70 on December 15 would leave $15,146.17 short, about $2.90 a day. Reasonable cause relief does not apply to the estimated tax penalty.

DRAFT PLAN

Remaining Payments and the EFTPS Schedule

Payment 1: 2nd installment

Settlement date	December 15, 2026 (Tuesday)
Tax form	1120
Tax type	Estimated tax (federal tax deposit)
Tax period	06/2027 (FY2027 ends June 30, 2027; not 12/2026)
Amount	**18,308.87**

Payment 2: 3rd installment, projected

Settlement date	March 15, 2027 (Monday)
Tax form	1120
Tax type	Estimated tax (federal tax deposit)
Tax period	06/2027 (FY2027 ends June 30, 2027; not 12/2026)
Amount	**22,897.06**

Payment 3: 4th installment, projected

Settlement date	June 15, 2027 (Tuesday)
Tax form	1120
Tax type	Estimated tax (federal tax deposit)
Tax period	06/2027 (FY2027 ends June 30, 2027; not 12/2026)
Amount	**17,501.36**

After all three

FY2027 estimated tax in all	**61,869.99**
Projected FY2027 tax	71,087.69
About this much due with the return, October 15, 2027	9,217.70

Schedule each payment in EFTPS ahead of its date. EFTPS accepts same-day payments of $1 million or less submitted before 3:00 p.m. Eastern time on a business day (Instructions for Form 1120). Select tax period 06/2027 every time: the October payment went to 12/2026 by mistake.

Ask the IRS now to move the October 15 payment of $1,324.70 to 06/2027 (EFTPS-01). If it has not moved by December 15, the December payment goes first to the 1st installment and leaves the 2nd short by the same amount.

DRAFT PLAN

Email to the Client (draft)

To: Dana Whitfield, Controller
Subject: Your December estimate, and the October payment

Hi Dana,

Short version: pay $18,308.87 on December 15, not $3,162.70. We'll ask the IRS to move the October payment to tax period 06/2027.

Why not a quarter of last year's tax each time? HANGS had more than $1 million of taxable income in FY2024, which makes it a "large corporation" for three years. A large corporation can use last year's tax only for the first installment; after that the bar is this year's tax, projected at $71,087.69 even after the loss carryforward. Because July to September was weak, the IRS lets us figure the installments on the income actually earned so far, which is how December comes down to $18,308.87 instead of $32,381.15.

March and June are about $22,897.06 and $17,501.36 on your projection; we'll refresh them when December and March close. Expect about $9,217.70 due with the FY2027 return on October 15, 2027.

About October: you're right, tax period 12/2026 is the calendar habit. Our year ends June 30, so it's 06/2027. As it stands the first installment is $1,324.70 short and a small penalty is running; once moved, the October 15 date stands and there is none. The $1,838.00 credit counts once the FY2026 return is filed claiming it.

Thanks,

F1 Finance

Draft: not sent. A person reviews and sends it.

DRAFT PLAN

Due-Date Calendar

November 13, 2026	TARGET	Ask the IRS to move the October 15 payment of $1,324.70 (EFT 270988315406) from tax period 12/2026 to 06/2027 (EFTPS-01) Instructions for Form 2220: payments applied in due-date order
December 15, 2026	DEADLINE	2nd installment $18,308.87 due (EFTPS, Form 1120, tax period 06/2027, estimated tax). Not $3,162.70: HANGS is a large corporation Section 6655(d)(2) and (e); Form 2220 Schedule A
January 15, 2027	TARGET	Close the six months to December 31, 2026; refresh the 3rd installment from the actual figures (ANNUAL-01) Publication 542: refiguring required installments
March 15, 2027	DEADLINE	3rd installment about $22,897.06, projected (EFTPS, Form 1120, tax period 06/2027); up to $31,844.20 if the six months run ahead Form 2220 Schedule A, line 38
April 15, 2027	DEADLINE	FY2026 Form 1120 due on extension; it elects the $1,838.00 credit on line 37a (CREDIT-01) Instructions for Form 7004: 7-month extension for June 30 years beginning before 2026
June 15, 2027	DEADLINE	4th installment about $17,501.36, projected (EFTPS, Form 1120, tax period 06/2027) Form 2220 Schedule A, line 38
June 30, 2027	INFO	FY2027 ends; the books close for the FY2027 Form 1120 Fiscal year ending June 30
October 15, 2027	DEADLINE	FY2027 Form 1120 due, or Form 7004 for 6 more months; about $9,217.70 of tax due either way. Attach Form 2220 with Schedule A. Last day any penalty can run. Instructions for Form 1120: 15th day of the 4th month; Instructions for Form 7004
October 15, 2027	DEADLINE	1st FY2028 installment: about $17,771.92 if FY2028 uses last year's tax (25% of the projected FY2027 tax); HANGS stays a large corporation Section 6655(d)(2)

DRAFT PLAN

WHAT STILL NEEDS A PERSON

EFTPS-01 · $1,324.70: The October 15 payment of $1,324.70 (EFT 270988315406) went to tax period 12/2026, the calendar-year habit; HANGS's tax year ends June 30, so FY2027 is 06/2027. Until it is moved, the 1st installment is $1,324.70 short: $6.10 of penalty to November 8, $15.50 by December 15, and the December payment would go first to the 1st installment. A person (the controller, or with Form 2848 on file) asks the IRS to move it to 06/2027 as of October 15.

LARGE-01 · $1,182,400.00: HANGS is a large corporation for FY2027 because FY2024 taxable income was $1,182,400.00, from the controller's summary, figured without NOL carryovers. A person confirms it against the FY2024 return as filed. The rule costs HANGS the prior-year base after the 1st installment: the regular 2nd installment recaptures $14,609.23 ($32,381.15 in all). The annualized method brings it to $18,308.87; paying $3,162.70 again, as the controller asks, would leave $15,146.17 short.

ANNUAL-01: The annualized method rests on $255,613.93 for July to September 2026 (book income of $205,803.93 from the reviewed, not audited, quarterly figures, plus the tax adjustments) and on projected figures for 6 and 9 months ($704,263.93, $1,104,823.93). The NOL deduction is taken after annualizing, at 80% of the annualized income, as an extraordinary item on line 23b; a person confirms that treatment under Regulations section 1.6655-2(f). Refresh the 3rd and 4th installments when the six and nine months close. Form 2220 with Schedule A goes with the FY2027 return.

CREDIT-01 · $1,838.00: The $1,838.00 counts toward the 1st installment only when the FY2026 return is filed electing it on line 37a. That return is a draft, extended to April 15, 2027, with open items of its own (the excavator's special allowance, the officer pay resolution, the related-party contract). If its tax changes, so do the $12,650.79 base of the 1st installment and the credit. The date the credit counts from is not stated in the saved sources; the plan treats it as paid October 15, 2026. A person confirms both.

PLAN-01 · $58,707.29: Unsigned plan. Nothing has been paid or scheduled: $18,308.87 on December 15, 2026, about $22,897.06 on March 15, 2027 and about $17,501.36 on June 15, 2027, all EFTPS, Form 1120, tax period 06/2027, estimated tax. Paying the annualized amounts leaves about $9,217.70 due October 15, 2027 on the projected tax of $71,087.69; the board may prefer the regular amounts for cash planning. The projection changes as each quarter closes.

DRAFT PLAN

This PDF is a draft plan. It is not Form 1120-W or Form 2220, and nothing has been paid, scheduled or filed.

TAX RULE CHECKS

Official sources checked during this run. These checks inform a reviewer, change no amount and settle no judgment.

Is HANGS a large corporation for FY2027?

Verified Online · 26 U.S. Code 6655, Failure by corporation to pay estimated income tax · retrieved 2026-11-08 · needs-human-judgment

https://www.law.cornell.edu/uscode/text/26/6655

FY2026 $301,209.35 before the NOL deduction, FY2025 a loss of $2,904,180.00, FY2024 $1,182,400.00 with no carryover deducted. FY2024 is $1,000,000 or more, so HANGS is a large corporation for FY2027. No controlled group: Juniper Ridge Partners LLC, a customer, is a single-member LLC owned by Riley Tanaka, and HANGS owns no interest in it.

Stays with a person: LARGE-01: confirm FY2024 taxable income of $1,182,400.00 on the FY2024 return as filed, with no carryover deducted.

What can a large corporation do with last year's tax?

Verified Online · 26 U.S. Code 6655, Failure by corporation to pay estimated income tax · retrieved 2026-11-08 · determined-by-facts

https://www.law.cornell.edu/uscode/text/26/6655

1st installment 25% of $12,650.79 = $3,162.70. The regular 2nd installment is $17,771.92 (25% of the projected $71,087.69) plus the $14,609.23 recapture: $32,381.15. The 3rd and 4th are $17,771.92 each.

How does Form 2220 set a large corporation's regular installments, and what counts as taxable income for the test?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i2220

Line 3 (projected FY2027 tax) $71,087.69; line 4 (FY2026 tax) $12,650.79. Line 35: $3,162.70, $32,381.15, $17,771.92 and $17,771.92, which add to $71,087.69.

What is the required annual payment, and when does last year's tax count?

Verified Online · 26 U.S. Code 6655, Failure by corporation to pay estimated income tax · retrieved 2026-11-08 · needs-human-judgment

https://www.law.cornell.edu/uscode/text/26/6655

FY2026 was 12 months with $12,650.79 of tax on the draft return; the return must be filed showing that tax for it to count. Projected FY2027 tax $71,087.69. As a large corporation HANGS uses $12,650.79 only for the 1st installment.

Stays with a person: CREDIT-01: the FY2026 return is still a draft; its tax sets the 1st installment's base only once it is filed showing that tax.

When are a June 30 year-end corporation's installments due?

Verified Online · Publication 542, Corporations · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/publications/p542

FY2027 dates: Thursday October 15, 2026; Tuesday December 15, 2026; Monday March 15, 2027; Tuesday June 15, 2027. All business days.

Is Form 1120-W still the worksheet to use?

Verified Online · Guidance on determining a corporation's estimated tax payment (Form 1120-W is historical) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/forms-pubs/guidance-on-determining-a-corporations-estimated-tax-payment

The worksheet in this plan is the Publication 542 worksheet, line for line, with the large-corporation computation it calls for.

What does the estimated tax worksheet compute?

Verified Online · Publication 542, Corporations · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/publications/p542

Line 1 $338,512.79 after the NOL deduction; line 8 $71,087.69; line 9 $12,650.79; line 10 $12,650.79; line 11 $3,162.70, which as a large corporation HANGS may use for the 1st installment only.

DRAFT PLAN

TAX RULE CHECKS, CONTINUED

How much of the $2,663,212.52 NOL carryover can FY2027 use?

Verified Online · Instructions for Form 1120 (2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i1120

Projected FY2027 taxable income before the NOL $1,692,563.93; 80% is $1,354,051.14, less than the $2,663,212.52 carried, so taxable income is $338,512.79 and $1,309,161.38 carries to FY2028.

Can the weak first quarter lower the installments?

Verified Online · 26 U.S. Code 6655, Failure by corporation to pay estimated income tax · retrieved 2026-11-08 · needs-human-judgment

https://www.law.cornell.edu/uscode/text/26/6655

Taxable income before the NOL was $255,613.93 for July to September 2026, a weak quarter. Annualized, the 2nd installment is $18,308.87 instead of $32,381.15; the projected 6- and 9-month figures give $22,897.06 and $17,501.36. The 1st stays at $3,162.70, last year's tax being lower.

Stays with a person: ANNUAL-01: the 3-month figures come from reviewed (not audited) books; the 6- and 9-month figures are projections, refreshed when those months close.

Which annualization periods and amounts apply to a corporation, and how is each installment chosen?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i2220

No Form 8842 was filed by October 15, 2026, so the standard periods apply. Line 38: $3,162.70, $18,308.87, $22,897.06 and $17,501.36 = $61,869.99, against $71,087.69 of projected tax.

Where does the NOL deduction go in the annualized computation?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · needs-human-judgment

https://www.irs.gov/instructions/i2220

Each column takes the NOL deduction after annualizing, at 80% of the annualized income: $817,964.58 on $1,022,455.72 for 3 months, $1,126,822.29 for 6 and $1,178,475.91 for 9.

Stays with a person: ANNUAL-01: how the 80% limit applies within each annualization period follows Regulations section 1.6655-2(f), not among the saved sources; a person confirms the line 23b amounts.

Does the $1,838.00 FY2026 overpayment count as an FY2027 estimated tax payment?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · needs-human-judgment

https://www.irs.gov/instructions/i2220

The FY2026 draft shows a $1,838.00 overpayment to be credited to FY2027. The plan applies it to the 1st installment, due October 15, 2026, with the $1,324.70 paid that day: $3,162.70.

Stays with a person: CREDIT-01: the credit exists only when the FY2026 return is filed electing it on line 37a; the date it counts from (the 1st installment, the overpayment having arisen with the September 15 payment) is not stated in the saved sources and stays with a person.

How is the overpayment credited to FY2027?

Verified Online · Instructions for Form 1120 (2025) · retrieved 2026-11-08 · needs-human-judgment

https://www.irs.gov/instructions/i1120

The FY2026 draft enters $1,838.00 on line 37a. It is unsigned and unfiled (extended to April 15, 2027); if its tax changes, so does the overpayment.

Stays with a person: CREDIT-01: the FY2026 return still has open items; a person confirms the final overpayment and the line 37a election when it is filed.

What must go with the FY2027 return, and what if an installment turns out short?

Verified Online · Publication 542, Corporations · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/publications/p542

Both apply: Form 2220 with Schedule A goes with the FY2027 return. If the six- or nine-month actuals run ahead of the projection, the next payment catches up.

DRAFT PLAN

TAX RULE CHECKS, CONTINUED

Which installment does a payment go to, and how long does a short installment draw the penalty?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · needs-human-judgment

https://www.irs.gov/instructions/i2220

The $1,838.00 credit and the $1,324.70 paid October 15 together cover the 1st installment, $3,162.70, if both count. Nothing else is due before December 15.

Stays with a person: EFTPS-01: the October 15 payment counts only once the IRS moves it from tax period 12/2026 to 06/2027.

What underpayment rates apply from October 2025 through 2026?

Verified Online · Quarterly interest rates · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/payments/quarterly-interest-rates

A shortfall on the 1st FY2027 installment would run at 7% from October 15, 2026: $0.25 a day on $1,324.70. The rates for 2027 are not yet announced.

Did the rate change for October to December 2026?

Verified Online · Interest rates remain the same for the fourth quarter of 2026 (IR-2026-98) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/newsroom/interest-rates-remain-the-same-for-the-fourth-quarter-of-2026

October 15 to December 31, 2026 at 7%.

Which FY2026 return sets the 1st installment's base if the draft changes?

Verified Online · Instructions for Form 2220 (2025) · retrieved 2026-11-08 · needs-human-judgment

https://www.irs.gov/instructions/i2220

The FY2026 return, extended to April 15, 2027, shows $12,650.79 of tax in draft. Its open items (the excavator's special allowance, the officer pay resolution, the related-party contract) could change the tax, and with it the 1st installment's base and the $1,838.00 credit.

Stays with a person: CREDIT-01: a person confirms the FY2026 tax when the return is finalized.

When are the FY2026 and FY2027 returns due, with extensions?

Verified Online · Instructions for Form 7004 (12/2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i7004

The FY2026 return is extended to April 15, 2027. The FY2027 return is due Friday, October 15, 2027, when about $9,217.70 of tax remains due under this plan.

What is the general due date of a corporation's return?

Verified Online · Instructions for Form 1120 (2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i1120

FY2026 was due September 15, 2026 (3rd month). FY2027 is due October 15, 2027 (4th month).

How and by when must the remaining payments be made?

Verified Online · Instructions for Form 1120 (2025) · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/instructions/i1120

Three EFTPS payments, Form 1120, tax period 06/2027, estimated tax: $18,308.87 on December 15, 2026, $22,897.06 on March 15, 2027 and $17,501.36 on June 15, 2027, each scheduled ahead of its date.

Can the estimated tax penalty be removed for reasonable cause?

Verified Online · Penalty relief for reasonable cause · retrieved 2026-11-08 · determined-by-facts

https://www.irs.gov/payments/penalty-relief-for-reasonable-cause

The FY2026 penalty, $511.21, stays on that return. For FY2027 the plan pays each installment on time, to tax period 06/2027.

DRAFT PLAN
