WHAT STILL NEEDS A PERSON

CREDIT-01: Washington is not on the 2025 credit reduction list (California 1.2%, the U.S. Virgin Islands 4.5%), and every HANGS wage is a Washington wage, so line 11 is $0.00 and no Schedule A is attached. The Department of Labor names the 2026 credit reduction states in November 2026, after the November 10 repayment deadline. A person checks the 2026 list before signing; each 0.3% of credit reduction would add $2,121.00 on $707,000.00 of FUTA wages, due with a fourth-quarter deposit by February 1, 2027.

LABOR-01 · $42.00: Tomas Arvelo, an individual, was paid $21,168.00 through accounts payable in Q3 for 504 hours of concrete finishing at $42.00 an hour, working under the HGC foreman at Tideflats Cold Storage, and the client plans to send a Form 1099-NEC. Whether he is an employee is a common-law question for a person; the IRS can also be asked on Form SS-8. If he is, he gets a Form W-2 instead, $7,000.00 of FUTA wages and $42.00 of tax join Q3 (line 16c), and line 3 grows by $21,168.00. The draft reports the payroll as recorded.

DEPOSIT-01 · $81.12: The Q1 FUTA deposit of $4,055.90 was due Thursday, April 30, 2026; the client's log shows it made Friday, May 1, 2026, 1 day late. The IRS may assess a 2% failure-to-deposit penalty, $81.12; a person decides whether to ask for relief if it does. Because not all FUTA tax was deposited when due, the return is due February 1, 2027, not February 10, 2027. Q2 and Q3 were carried forward correctly ($115.61 at September 30). The projected $186.10 undeposited at December 31 is $500 or less and may be paid with the return; a credit reduction (CREDIT-01) would put it over $500 and require a deposit by February 1, 2027.

STATE-01: The full 5.4% credit, with lines 9 and 10 at zero, assumes all 2026 Washington unemployment tax is paid by February 1, 2027. The Q2 ESD report as filed left out the June 26 bonus run ($55,500.00 of wages), the Q3 report was due November 2, 2026 and the Q4 report is due February 1, 2027. A person confirms the amended Q2 report and the Q3 and Q4 payments are made by then; state tax paid later limits the credit through the line 10 worksheet.

Q4-01: The fourth quarter is projected: October 2, 16 and 30 as paid; November 13 and 27, December 11 and December 24 at scheduled hours and current rates with no overtime; one planned hire, Ilse Brandvold from November 16. FUTA changes only for employees still under $7,000: Yusuf Quintero, Ilse Brandvold. Line 3, line 5 and line 16d ($70.49) are refreshed from the final December register in January before the return is signed.

RETURN-01: Unsigned draft. The 2026 return is due Monday, February 1, 2027 (January 31 is a Sunday); February 10, 2027 does not apply (DEPOSIT-01). A person reviews the open items, refreshes Q4, signs and files the return. Nothing has been filed or paid.

This PDF is an unsigned draft in the return's lines and Part 5. It is not the IRS form, and it has not been reviewed, signed, filed or paid.

Must HANGS General Contracting file Form 940 for 2026?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

HANGS General Contracting paid $2,705,849.37 of wages in Q1 2026 alone, on six paydays to 97 employees, so it is subject to FUTA for 2026 and files Form 940.

When is the 2026 Form 940 due?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

For 2026 the stated date is Sunday, January 31, 2027, so the return is due Monday, February 1, 2027. The client's deposit log shows the Q1 deposit made May 1, 2026, a day after it was due, so not all FUTA tax was deposited when due and the February 10, 2027 date is not available (DEPOSIT-01).

What are the 2026 FUTA rate, wage base and credit?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

Line 7, $707,000.00 of FUTA taxable wages (101 employees, each reaching $7,000), x 0.6% = line 8, $4,242.00, on the full 5.4% credit.

Which state goes on line 1a?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

HANGS General Contracting has one state unemployment account, ESD employer account 000-418226-0 (demonstration), every job is in King or Pierce County, and the controller's email says all employees work in Washington. Line 1a is WA; line 1b is not checked.

What goes in line 3, total payments to all employees?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

Line 3, $11,732,082.77: Q1 $2,705,849.37 and Q2 $3,274,614.86 (the payroll system's year-to-date files, the June 26 bonus run included), Q3 $2,681,087.98 (the register) and Q4 $3,070,530.56 (October paid, November and December projected).

Are the Section 125 health premiums exempt payments on line 4?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

Line 4, $218,104.00 of Section 125 health premiums for the year (Q1 $51,072.00, Q2 $58,988.00, Q3 $49,356.00, Q4 $58,688.00); box 4a is checked.

Does Publication 15-B treat health coverage through the cafeteria plan as exempt from FUTA?

Verified Online · Publication 15-B (2026), Employer's Tax Guide to Fringe Benefits · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15b

HANGS General Contracting LP is a partnership, so the S corporation exception does not arise; the health premiums on line 4 are exempt.

Do employees' 401(k) deferrals come off FUTA wages?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

The 401(k) plan holds employee elective deferrals by salary reduction only; they are not exempt payments, so nothing for them comes off line 3. Only the Section 125 premiums are on line 4.

How are the payments over $7,000 on line 5 worked out?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

Every one of the 101 employees reached $7,000: 96 in Q1, Noah Delacroix (hired February 23) in Q2, two Q3 hires in Q3, and the August 31 hire and the planned November hire in Q4. Line 7 is $707,000.00 and line 5 is $10,806,978.77.

Does the full 5.4% credit depend on paying the Washington unemployment tax on time?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · needs-human-judgment

https://www.irs.gov/instructions/i940

The Q1 and Q2 ESD reports were filed April 27 and July 27, 2026, but the Q2 report left out the June 26 bonus run ($55,500.00 of wages). The Q3 report was due November 2, 2026 and the Q4 report is due February 1, 2027. The draft takes the full credit, with lines 9 and 10 at zero, on the footing that all 2026 Washington tax, the amended Q2 included, is paid by February 1, 2027 (STATE-01).

Stays with a person: Reason: whether every 2026 Washington payment is made by February 1, 2027 is not yet known; the Q3 and amended Q2 reports were not filed in the client files. A person confirms before the return is signed (STATE-01).

Is Washington a credit reduction state?

Verified Online · Schedule A (Form 940) for 2025: Multi-State Employer and Credit Reduction Information · retrieved 2026-11-07 · needs-human-judgment

https://www.irs.gov/pub/irs-pdf/f940sa.pdf

Washington is not on the 2025 list and all HANGS wages are Washington wages, so the draft applies no credit reduction: line 11 is $0.00 and Schedule A is not attached. Each 0.3% of credit reduction, if the 2026 list named Washington, would add $2,121.00 on $707,000.00 of FUTA wages.

Stays with a person: Reason: the 2026 credit reduction states are not yet published. A person checks the list when the Department of Labor announces it and before the return is signed (CREDIT-01).

When is any credit reduction paid?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

None applies on the 2025 list. If the 2026 list named Washington, the credit reduction would join the fourth-quarter liability and the undeposited amount would pass $500, so a deposit would be due by February 1, 2027 (CREDIT-01, DEPOSIT-01).

Which quarters needed a FUTA deposit?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

Q1 $4,055.90: a deposit was required. Q2 $18.10 and Q3 $97.51, $115.61 together at September 30: carried forward with no deposit, as the payroll system did.

When was each FUTA deposit due?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

The Q1 deposit was due Thursday, April 30, 2026; the log shows it made Friday, May 1, 2026, one day late (DEPOSIT-01). A fourth-quarter deposit, if one is required, is due Monday, February 1, 2027 (January 31 is a Sunday).

Must the fourth-quarter amount be deposited, or can it be paid with the return?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/publications/p15

Projected: Q4 $70.49 plus $115.61 carried from Q2 and Q3 is $186.10, $500 or less, so it may be paid with the return by February 1, 2027 (line 14). LABOR-01 would add $42.00 and still leave it under $500; any 2026 credit reduction would put it over.

UNSIGNED DRAFT

TAX RULE CHECKS, CONTINUED

What does a deposit made one day late cost?

Verified Online · Publication 15 (2026), (Circular E), Employer's Tax Guide · retrieved 2026-11-07 · needs-human-judgment

https://www.irs.gov/publications/p15

The Q1 deposit of $4,055.90 was made one day late, so a 2% penalty, $81.12, may be assessed. The draft does not add it to the return.

Stays with a person: Reason: whether to ask for penalty relief, such as first-time abatement, if the IRS assesses it is a decision for a person (DEPOSIT-01).

Must Part 5 be filled in, and what goes on lines 16a to 16d?

Verified Online · Instructions for Form 940 (2025) · retrieved 2026-11-07 · determined-by-facts

https://www.irs.gov/instructions/i940

Line 12 is $4,242.00, so Part 5 is filled in: 16a $4,055.90, 16b $18.10, 16c $97.51 and 16d $70.49 (projected); line 17 is $4,242.00, equal to line 12.

Is Tomas Arvelo, paid by the hour through accounts payable, an employee for FUTA?

Verified Online · Independent Contractor (Self-Employed) or Employee? · retrieved 2026-11-07 · needs-human-judgment

https://www.irs.gov/businesses/small-businesses-self-employed/independent-contractor-self-employed-or-employee

Tomas Arvelo was paid $21,168.00 through accounts payable in Q3 for 504 hours of concrete finishing at $42.00 an hour, working under the HGC foreman at Tideflats Cold Storage, with no contractor registration, UBI or certificate of insurance on file. The client plans a Form 1099-NEC. If he is an employee, $7,000.00 of FUTA wages, $42.00 of tax, joins Q3 and he gets a Form W-2 instead.

Stays with a person: Reason: worker status turns on the whole relationship; the files show only the payments, the hours and the supervision note. A person decides (LABOR-01).
